A visit to our public school is a sufficient guarantee as to its effectiveness. The choice of the trustees is indorsed by the community, with the exception of a few unimportant objectors. The individual seats introduced are a boon to the scholars, as they can readily be raised or lowered to suit the individual. Also a case of fine relief maps is on exhibition and for use. The advanced scholars are under the watchful eye of Professor Kirsh, while the primary department has the advantage of the experience and ability of Miss Minton.

### A Night Of Terror.

"Awful anxiety was felt for the widow of the brave General Barham of Machias, Me., when the doctors said she could not live till morning" writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought the most soon die from pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at the Bisbee Drug Store and Copper Queen Co.

Quite a romance is liable to result out of the recent affair which occurred at Naco last week. In the article which appeared in the San Francisco Examiner of Tuesday, the 12th, containing an account of the killing of Clayton and the killing and wounding of the Mexican guards, there also appeared the name of a well known cowboy. Imagine his surprise a few days since to receive a letter in feminine handwriting and post marked San Francisco. The letter was well written and asked his forgiveness for having taken the liberty of writing to him, but as she had always admired the Western cowboy, and as he was her idol, she hoped it would be overlooked. The letter has already been answered, and when the young man goes to San Francisco this winter he will hunt the young lady up.

A letter recently received in this city from Albuquerque, New Mexico, contains the announcement of a wedding which occurred in that city one day last week. The contracting parties are both well known in this city, the groom being no other than Jack Walters and the bride Miss Della Gilstrap. The wedding is somewhat of a surprise to the friends of Walters here. Jack left about a month since, going to El Paso to accept a position with the Western Union Telegraph company as lineman. ### COPPER IS THE METAL.

The Cochise Copper Mining Company, Bisbee, Arizona.

This company owns a very valuable group of mines situated in Warren mining district, county of Cochise, Arizona, lying immediately east of and adjoining the town of Bisbee, and adjoining the property of the Copper Queen Consolidated Mining company on the north. The latter company has been in operation for about twenty years, and employs about 1,500 men daily in the operation of its mammoth mine and smelters, and as a result has produced copper to over 34,000,000 pounds during the year 1898, and the net proceeds of such production are reported to have been over \$2,000,000, and it has been said by experienced miners who have been under its employ for years, that the Queen mine now has sufficient ore in sight to keep it in constant operation for the next twenty years without further development.

Is it not reasonable to believe that the property of the Cochise company is fully as valuable, when it is within such close proximity to such a wonderful mine?

The blasts set off in the underground workings of the Queen property can easily be felt and heard at the shaft of our mine, and oftentimes the concussion has attracted marked attention.

The original owners of these valuable mines are local business men, well and favorably known in Bisbee and surrounding vicinity, who are doing their utmost to make this enterprise a success in every respect. The board of directors are original owners, and are donating their services to the company until such time as the mine will pay dividends. They own the controlling interest in this property, and as a protection to stockholders have placed their entire interest in escrow for a term of one year.

The stock books of our company are now open for subscriptions, and a limited number of shares are offered at ten cents per share. No application for less than 100 shares will be accepted.

The company reserve the right at any time to advance the price of shares without further notice, or to reject any application for stock at their discretion.

Every cent received from the sale of stock will be expended toward the development of our property and the erection of hoisting works, and all other necessary improvements, and to make our enterprise a success in every particular.

We invite investigators and their experts or their engineers to closely scrutinize our property.

Applications for shares may be made to any of the directors of the company, or to any of our legally authorized representatives.
